Dear fellow Colleagues,

Croatian Pediatric Society and Pediatric Society of Croatian Nurses Association organize yet another Congress together. National Congress of Pediatricians and pediatric nurses is the most significant convention dedicated to children’s health in Croatia. Invited speakers with plenary lectures important to all of us who take care of children’s health will take part.

In the ceremonial part of the Congress, Croatian pediatricians authors of three papers published in scientific journals between two congresses will show their work to professional community. The same applies to two papers of young pediatricians. The focus of the Congress will be on the original works. The authentic works will be applied by sending abstracts, in accordance with guidelines. The organizational committee will then classify the works so that the authors will present them by oral presentation or by poster. The managing board will select and award the best works presented at the Congress.

Representatives of sub-specialist pediatric associations and sections will provide guidance which will be published in Paediatria Croatica journal and be put on web site of Croatian Pediatric Society.

I invite all members of our association to send the original works for that will enable us to have an insight into their scientific work. You are also invited to apply the works published in scientific journals between two congresses. All news and notifications on the Congress can be found on our web site www.hpd.com.hr and www.pedijatrijski-kongres.org

prof.dr.sc. Julije Meštrović, dr.med.
The president of Croatian Pediatric Society
Dear fellow Colleagues,

it is a great honour to invite you to 11th Congress of Croatian Pediatric Society and 10th Congress of Pediatric Society of Croatian Nurses Association to Dubrovnik, a cradle of Croatian history, art and culture but also of a rich medical past. We welcome you to the town which laid foundations of its statehood by enacting the Statute from 1272. The town was based on it till the end of its existence, always feeling the need for development of public health conditions as a conditio sine qua non of its own existence and having in mind medical ethical problems, trying to respect the human rights of all its citizens.

Welcome to the town of St. Vlaho (Blaize), Dubrovnik’s patron and protector who has been guarding his Town. Welcome to the town of great men, Đuro Armeno Baglivi, Amatus Lusitanus, Ruđer Bošković, Marin Držić, Ivan Gundulić and Marin Getaldić.

Welcome to the town of freedom and beauty, the town under the protection of UNESCO, the walls and forts of which were used for protection for the first time in its history during the Homeland war.

Finally, welcome to Dubrovnik of 21st century, the town open to the whole world, and now dear friends to all of you.

Paediatricians of Children’s department of General hospital Dubrovnik, paediatricians in primary health care and nurses will join their forces in a wish to make the Congress as memorable as possible.

We are looking forward to welcoming you and thank you for honouring us to be your hosts.

Yours

prim.mr.sc. Marija Radonić, dr.med
President of the local organizing committee
Dear fellow Colleagues,

I invite you to 10th Congress of Pediatric Society of HUMS which has again been organized together with Croatian Pediatric Society. A long tradition of care for the most sensitive population, children, continues. Nursing care is a science that is based on a holistic approach to a child in which philosophical and social aspects of both healthy and ill person are included. Pediatric Society is an active member of Pediatric Associations network of Europe and together we participate in creating health care for children and the best standards in nursing, respecting the Convention on the Rights of Children. Promotion of health and wellbeing, prevention of accidents and illnesses, safety of children in hospitals, in a family and wider community are main determinants of our work. Our gathering at the Congress is an opportunity and incentive for good cooperation, exchanging expert knowledge, socializing and is indeed a great contribution to promoting pediatric nursing.

Dragica Beštak, bacc.med.tech
President of Pediatric Society of HUMS
16th October

- The opening ceremony
- Presentations of the scientific papers of Croatian pediatricians published between 2012 - 2014

Guidelines for writing abstracts of original registered papers

An abstract should be written in Word program.
Font size should be 10 pts., type of letters Times New Roman
An abstract title written in capital letters, font size 12 pts.
Under the title:
  • Names and surnames of the author and co-authors, without titles
  • Names of institutions and towns of authors and co-authors
  • E-mail address of the author for correspondence
  • Word count: up to 400 words
Content of an abstract (except for a presentation of a patient): objective, methods, results and conclusion.

Abstracts should be sent to: sazeci@pedijatrijski-kongres.org
Deadline for the receipt of abstracts is 15th May, 2014.
The abstracts received after the deadline as well as those which do not follow the given guidelines will not be accepted.

Selected lectures
  • Scientific papers of HPD members
  • Scientific papers of young pediatricians

Dear colleagues, you are invited to register your published works, published between 1st April, 2012 and 15th May, 2014. Members of the Award Committee and Committee for scientific work of HPD will select three works among the registered works, which will be presented by their authors in a plenary lecture after the opening ceremony.
All pediatricians under 35 years of age are invited to participate in the contest for the best published scientific work of young pediatrician (Ernst Mayerhofer) and the best work of a young author in national journals (Radovan Marković) published in the period from 1st April, 2012 till 15th May, 2014. Selected works will be presented by their authors plenary in the opening part of the congress.

Regulations for the selection will be published on HPD (Croatian Pediatric Society) web site from 15th February 2014.
The deadline for receiving published works is 15th May, 2014.
The official congress languages are Croatian and English.
